[Despatch Abstract.]

Community projects - South Kanara Area - Education - Construction of additional accommodation to the Boood Higher Elementary School at Bailur - Estimate Sanctioned.

Ref.C.No.233/53-C. Office of the Project Executive Officer,
South Kanara, Mangalore, Dt. 28-3-53.

DEPUTY SECRETARY & SPECIAL OFFICER, (COMMUNITY PROJECTS.) 6223 APR 1953

From

Sri G.Simhadri, B.A.,
Project Executive Officer,
Mangalore.

To

The Director of Community Projects
and Ex-officio Secretary to Govt.,
Fort St. George, Madras 9.

...

Sir,

COMMUNITY PROJECTS - South Kanara District - Education - General - Bailur Higher Elementary School - Construction of additional accommodation - Reference.

...

Bailur is a village situated in Block III of the Community Project Area. There is a Higher Elementary school with VI, VII and VIII standards housed in a building which is insufficient for the boys. The proposal is to construct additional accommodation for the children of these three classes. The Project Advisory Committee recommended that the additional accommodation required for the school, may be undertaken by the Community Project. This school is maintained by the District Board and the Board is not in a position to contribute to the construction of additional accommodation. The villagers are willing to contribute 50% of the cost of providing additional accommodation. The President, District Board also suggests that the Community Project may bear half the cost of construction. The Divisional Engineer (Highways) has prepared an estimate for the building of five rooms with a Varandah to give accommodation for 150 boys at the rate of 30 boys in each room. I inspected the School on 26-2-1953. The following are the statistics relating to this School.

	Boys.	Girls.
8th Standard.	21	16
7th Standard, A.	18	5
-do- B.	14	8
6th standard, A.	18	13
-do- B.	21	12
	92	54 = Total 152

The existing building has accommodation for 68 pupils. There are five teachers working in this school. Additional accommodation is therefore required for 84. Leaving margin for new admissions, provision can be made for 90 students, i.e. three rooms at the rate of 30 for each room.

The estimated cost for five rooms is to be Rs. 15,000/- For three rooms, the estimated cost will be Rs. 9,000/- It is not necessary to have five rooms as per the estimate prepared by the Divisional Engineer (Highways), Mangalore. But, anyway it is left to the villagers as many rooms as they could provide for. But, so far as Community Project is concerned, I think, the consideration is with regard to construction of three rooms costing about Rs. 9,000/- The people's share will be 50% as promised by them. The Community Project may help to contribute the remaining 50% i.e. Rs. 4,500/- for the construction of three rooms. The amount may be paid in proportion to with the progress of work done with regard to three rooms i.e. half the amount of the work done.

Public (C.P.Audit) Deptt.

Memo: No. 6228- Public (C.P.Audit)/53-1, dated 7-4-53.

Sub:- Community Projects - South Kanara District - Education - General - Bailur Higher Elementary School - Estimate for the construction of additional accommodation -

Ref:- From the P.E.O., Mangalore, Ref: C.No. 233/53-C, dated 28-3-53.

The plan and estimate for the construction of additional accommodation to the Board Higher Elementary school at Bailur received with the letter cited, are hereby returned with the following remarks:-

(i) The plan and estimate should be revised providing for only 3 class rooms as actually required. The addl. 2 rooms may be indicated in the plan by dotted lines.

(ii) A site plan showing the position of the existing school building, the proposed additional block, (the front and back being clearly distinguished so as to indicate the orientation), and other features should also be sent.

The P.E.O., should resubmit the revised plan and estimate at a very early date.

The Director of Community Projects
and Ex-Officio Secretary to Govt.,
Fort St.George, Madras 9.

.....

Sir,

Sub: Community Projects - South Kanara - Education-
Bailur Higher Elementary School - Additional
accommodation - Estimate - Sanction - Requested.

Ref: 1. Government Memorandum No. 6228, Public (C.P.Audit)/53-1 dated 7-4-1953.
2. Government Memorandum No. 6228, Public (C.P.Audit)/53-2 dated 17-5-1953.

*****

The plan and estimate have been revised providing for only 3 class rooms and the additional two rooms have been indicated in the plan by dotted lines as instructed. The estimated cost comes to Rs. 9,500/- The estimate was prepared by the Divisional Engineer (Highways) Mangalore. A site plan showing the relevant details is also enclosed.

2. The beneficiaries were consulted as to whether they are prepared to do the work if a sum of Rs. 1,500/- is granted from Community Project funds. They request that at least a sum of Rs. 3,000/- may be granted from the Community Project funds. The estimated cost of construction of three rooms is Rs. 9,500/- The villagers will not be able to take up the work if only a sume of Rs. 1,500/- is granted by the Community Project. Though the Community Project has taken in to consideration the provision of only 3 rooms which is the present requirement, further extension will be necessary in view of the rapidly increasing strength of the school. This burden also will have to be borne by the villagers themselves as the Board does not sanction any funds in view of financial stringency. An expenditure of Rs. 2,500/- which was sanctioned in G.O. Ms.No. 1529, Public (C.P.)Department dated 8-6-1953, for providing additional accommodation to the Board Higher Elementary School, Mudushedde may also be granted in this case as it is not possible for the villagers to contribute more than what they are prepared to do.

G.O. Ms. No. 1968, dated 25-7-53.

Abstract: Community Projects - South Kanara Area - Education - Construction of additional accommodation to the Board Higher Elementary School at Bailur - Estimate - Sanctioned.

Reserve No. 25/7

Read: From the P.E.O., Mangalore, Ref. C. No. 233/53-B. d/ 10-7-53.

Order:

Sanction is accorded to an expenditure not exceeding Rs 2500/- (Rupees Two thousand five hundred) only, out of the estimated cost of Rs 9500/- for constructing additional accommodation to the Board Higher Elementary school at Bailur of Karkal Taluk. The balance of Rs 7000/- required for the completion of the work should be met from contribution by the beneficiaries. This sanction is counted against the provision in item II. F of the Project Estimates of the Area approved by C.P.A., in their letter No. C.P.A./33/5/52, dated 31-3-53.

2. The expenditure should be debited to "63-B. Community Development Projects - E. Education I. Education - Works."

3. The P.E.O., Mangalore should get the work executed.

P 10

estimate herewith returned approved and submit a copy of the Completion report to Govt. in due course.

Specification report to accompany the estimate for Constg an additional block to the Bd. Higher Ele. School at Baikur.

Est. Rs ~~9350~~ 15000/- 7500/-

The estimate provides for constg. a building of ~~5 rooms~~ 3 rooms with a verandah of 6-0" width in front. The inside dimensions of the rooms are 18' x 20' to accomodate 50 boys. The plan is based on the standard plan No. 99/45. It is proposed to erect laterite pillars in lime mortar (1:2) at 9' centre over a concrete bedding of 3' x 3' x 1-6". The foundation will be taken at 3' below ground level where hard gravelly soil is met with. The superstructure will be of laterite wall and will be plastered over in cement mortar 1:4 - ½" thick. The flooring will be of Shingle concrete in C.M. 2" thick trowel finished. The doors and windows will be of best country wood ledged and braced doors. The roofing will be of best Mangalore tiled roofing over country wood rafters. The roofing will rest over King post trusses of best teak wood placed 9' centres. The doors and windows will be painted with grey priemt 2 coats and all other wood timbers with wood oil.

The whole work will be carried out as per P.W.D. S. and other Specifications.

Amount of estimate 7500/-

Sanction number and date

To be carried out by

F.C. No. 6228/537

Sub:- Community Projects - South Kanara Dist. Education - General - Bailur Higher Elementary school - Estimate for the Construction of additional accommodation

Ref:- From the P.E.O., Mangalore. Ref.c. No. 233/53-C. dated 28-3-53.

Please see the letter from the P.E.O., Mangalore, at p:1.c.F. — The proposal is to construct an additional block for the District Board Higher Elementary School at Bailur, in Block III of this Project Area. The District Board, though maintaining the school, is not in a position to contribute to the construction of the additional block. The villagers have promised to contribute 50% of the cost of providing the additional block. The Project Advisory Committee recommend the work to be undertaken meeting the balance of half the cost of construction from C.P. Funds.

This is a Higher Elementary school with 8 standards, catering ordinary education of the existing type and not a Basic School. There is no mention made about the conversion of the school into a "Basic" type or the introduction of crafts such as Spinning, weaving etc. later on.

In this connection, please see the extract of the notes of the D.S. pertaining to "Education", recorded at the discussion with the C.P.A., and the remarks of the A.C.P. thereon. In view of this, the proposal for the additional block may be

permitted pending "education policy" decisions.
So far as sanction is concerned, the Higher Elementary school may be treated on a par with "Middle schools," for which ~~for~~ the "Draft Hand-Book estimates a Capital Expenditure of Rs. 5000/- for 1. Middle School.

The provision in the Project Estimate for this area for "improvement of schools for existing accommodation," under education is Rs. 1.60 lakhs. Till to-date, no sanction for buildings for educational purposes has been sanctioned for this area.

Whilst the proposals are acceptable in the circumstances noted above, the estimate cannot be approved technically for the following reason :-

The plan and estimate as prepared and countersigned by the Divisional Engineer (Highways) Mangalore for a block of 5 rooms with front verandah at a cost of Rs. 15,000/- The P.E.O. has stated that only actually 3 rooms will be necessary - and that the estimated cost for this will be only Rs. 9000/- proportionately and requests sanction therefore at 50% i.e. Rs. 4500/-, the remaining 50% being peoples' contribution. This sanction to estimate on proportionate basis will not be proper. A fresh estimate should be got prepared limiting the additional accommodation to only 3 class rooms as actually required but the plan may, however, show the other 2 class rooms also in dotted lines, if need be, it being left to the option of the villagers to provide them at their own cost. Subject to orders, a draft memo returning the plan and estimate to the P.E.O. for revision limiting the additional accommodation to only 3 class rooms as actually required now is submitted for approval.

Please see Memo No. 6228 Public (C.A. Budget) 53-1 dt 7.4.53. The P. E.O Mangalore has been asked to revise the estimates sent to him for providing additional accommodation to the ~~Dist~~ Board Higher Elementary School at Bailur. The cost of the revised estimate will be Rs 9000/- and the Govt's share from the C.A. Funds will be 50% or Rs 4500. The P. E.O. reports that the estimates are pending with the Dy Engineer Highways for technical Scrutiny.

2. There is provision in the Project Estimate for the improvement of existing accommodation to 27 schools. The school is a District Board Higher Elementary School. Part grants-in-aids towards improvements to educational institutions in C.A. Areas can be made upto Rs 1500 each. The attention of the P.E.O may be invited to Memo No. 17555 Public (C.A. Budget) 53-2 dt 7.5.53 and he may be requested to send up the estimates for sanction of the present cases subject to all the conditions contained in the memo cited.

14/5/53 Under the present procedure we can go upto Rs 1500/- only as our contribution for land and buildings for any primary education institution. Since the cost will be about Rs 9000/- we need not wait for any estimate. The P.E.O. may be told that we can offer only Rs 1500/- if the beneficiaries will be willing to finance the construction detailed by him.

A This School cannot be claimed as a middle school & the concerned etc. of time cannot therefore give Rs 5000/- for the construction of buildings as envisaged in the draft hand book.

14/5/53 A approved

14.5.53

KG 16/5-6/10.5.53

S 17.7.53.

DSRudra's Memo No. 6228 Public (CP. Budget) 53-2 dt 17.5.53

Ref: From the P. Eo. Mangalore Ref CNo 233/53.B dt 10.7.53

The P. Eo. Mangalore reports that the beneficiaries are not willing to receive the grant of Rs 1500 from CP. funds. The P. Eo recommends that a sum of Rs 2500 may be given as a special case as in the case of the Elementary School at Kudthadde. The exhibits may be sent up for sanction after the amount of grant to be given is decided

KG 18/7 18.7.53. he may sanction Rs 2500/- as a special case in this instance also

S 19/8

AJ

I am not very happy about these sanctions. Normally we are to concentrate on improving existing primary schools. This is a Higher Elementary School and does not come within the requisite priority. If we are to relax our rules in every case, the rule ceases to have any force. I am however submitting the case to DCP for orders whether our contribution may be raised from Rs 1500 to Rs 2,500/-. I am personally not in favour of the proposal.

KG 20/7 Sanction Rs 2500 — DEO. to do so in consultation with DCP. 23/7 KG

With ref. to orders of D.C.P. at p/ante a draft order is submitted for approval.

The plan & estimate have been duly revised providing for only 3 class rooms as instructed and countersigned by the Divisional Engineer (Highways) Mangalore in token of scrutiny.

A separate memo: is also put up telling the P.E.O., that no further similar cases will be considered.

The two copies of the estimate may be countersigned.

A sum of Rs 5000 has already been sanctioned for the Hejmadi coast School buildings. The estimates are pending technical scrutiny with the E & A.W.D. The P.E.O. may be told that no further cases except the School buildings for the children of the fishermen in Hejmadi will be sanctioned.

DCP has approved the expenditure & the order may be signed by DI for DCP
